

## **Acknowledgments**

The workshop was hosted by LEGOS (Laboratoire d'Etudes en Géophysique et Océanographie Spatiales) at OMP (Observatoire Midi Pyrénées).

Funding for the organization of the workshop and travel support was provided by IRD (Institut de Recherche pour le Développement), PNEDC (Programme National d'Etudes de la Dynamique du Climat), CNES (Centre National d'Etudes Spatiales), INSU (Institut National des Sciences de l'Univers) and UPS (Université Paul Sabatier, Toulouse).

Several members of LEGOS and OMP helped the local organizing committee, and the committee would like to especially thank Nadine Lacroux for her help in travel arrangement, Joël Sudre and Françoise Dennis for their assistance during the workshop and the OMP staff for preparing the conference and lunch rooms.

Finally the 80 attendees are acknowledged for their participation and contribution to the workshop.
